

How to Create a Bookmark in Google Chrome

This article will show how to create a bookmark in Google Chrome.

1. Navigate to a page you wish to bookmark.
2. Select the star icon on the far right side of the address bar; a small pop up window should appear with two options.

3. Select "Add bookmark"

image-1623868009463.png

4. Next, type a name you would like you're bookmark to display as in your bookmark list.

Note: A default name will be provided in the field. Which you're able to change.

5. Click "Done"

6. Bookmarks are listed on the top of the screen.
