6. Enter your personal Microsoft account information.

Note: If you don't have a personal Microsoft account, click "Create One" and then follow the directions [here](#).

The image shows a Microsoft sign-in interface. At the top is the Microsoft logo. Below it, the text "Sign in" is prominently displayed, followed by "to continue to Microsoft Home Use Program". A message states: "Log In to your personal Microsoft account to save with the Microsoft Home Use Program." There is a text input field labeled "Email, phone, or Skype" with a password toggle icon on the right. Below the input field, there are two links: "No account? Create one!" and "Sign in with a security key" with a help icon. A blue "Next" button is positioned to the right of the input field. At the bottom, there is a section titled "Sign-in options" with a key icon.
